**Borg Warner Conference Room, Tompkins County Public Library,
E. Green St. at S. Cayuga St., Ithaca ([driving and access directions below](#))**

Presented by the Human Services Coalition

Co-sponsored by the Tompkins County Public Library

In an effort to slow the rising costs, New York State is participating in Medicaid redesign and investing in reforms known as DSRIP (Delivery System Reform Incentive Payment). A key component of DSRIP is the transition from a fee-for-service to a value-based payment system.

So how do community based organizations contribute? You are invited to attend the first in a series of presentations about value-based payments and how your organization fits into NY State's Medicaid reform plan.

An important goal of DSRIP is working with community partners to address social determinants of health, which are critical to improving health outcomes, decreasing health disparities, and reducing health care costs. Studies indicate that non-clinical factors such as education, child care, housing, employment, transportation, and others can account for 80% of health outcomes and contribute towards decreased medical services utilization.

Amy Carver, the VBP Contracts Manager for Cayuga Area Plan will provide a basic overview of the following:

- ✓ An overview of value based payments
- ✓ How community based organizations and social determinants of health programs are integrated into value based payment arrangements
- ✓ The role of a community based organization as a provider partner
- ✓ The different types of CBOs: Tier One, Tier Two, or Tier Three, and where your organization fits
- ✓ How CBOs contract to be a part of a value based payment arrangement
- ✓ What are the next steps

There will be time at the end of the presentation for questions.

About the Presenter:

Amy Carver, MBA is responsible for managing all aspects of current and future value based payment arrangements for the CAP Network. She supports CAP Network Initiatives by working to maximize VBP performance, leverage analysis of financial and clinical data to achieve objectives of defined incentive programs, and capitalize on other state and federal programs. Amy also tracks current billing, coding, and revenue cycle standards to best serve CAP providers and the Network in contract negotiations and performance. As the ACO Compliance Officer, she is responsible for ensuring CAP participants are in compliance with applicable rules and regulations. Amy serves as Board Secretary for Planned Parenthood of the Southern Finger Lakes.

Registration

Register online at www.hsctc.org/workshops. If you are unable to register online please call 607-273-8686 or email registration@hsctc.org.

Special Needs

Please notify us if you have any special needs; the Coalition wishes to make its workshops accessible to everyone.

For the comfort of everyone, HSC workshops are fragrance free. We appreciate your cooperation.

Driving and access

The Library is located in downtown Ithaca on the corner of East Green and South Cayuga Streets.

Directions for accessing the Library

The Library does not open its Main door until 9:30 am, so walk to the northeast corner of the building opposite the TCAT Green Street Station, turn right and enter at the door on the right under the green canopy. The Borg Warner room is immediately on your right.

Driving Directions

From North or South on Rt. 13 or 34: Proceed to Green Street in downtown Ithaca. Turn East (toward Cornell and downtown) on Green Street. Proceed approximately six blocks to Cayuga St, take a right turn and proceed as below.

From South on Rt. 96b: Proceed down hill on Aurora Street to East Clinton Street.

Turn left and proceed to Cayuga Street. Turn right on Cayuga Street and proceed as below.

From East on Rt. 79 or 366: Proceed to downtown on State St hill and veer right onto Seneca St at the bottom of the hill. Stay in the left lane of Seneca St until you come to Cayuga St. Turn left on Cayuga St and proceed as below.

From West on Rt. 79, 96 or 89: Proceed east to Fulton St. Turn right on Fulton St and stay in the left lane. Turn left on Green St and proceed about seven blocks to Cayuga Street. Turn right and proceed as below.

From all directions: Park in the Cayuga St. parking garage behind the Library and across from the Hotel Ithaca, or in the Green St. garage (entrance is past the "Pay and Display" and after the Cinemapolis sign on the left) diagonally across from the Library. Please note that "Pay and Display" parking is an option but the cost is twice that of the Green St. or Cayuga St. garages. The Library does not open the main door until 9:30 am, so go to the northeast corner of the Library building next to the TCAT Green Street Station, turn right and enter at the door on the right under the green canopy. The Borg Warner room is immediately on your right.

Accessible Parking

We recommend parking on the first floor (it's actually the second floor of the structure) of the Green Street parking garage near the lime green wall labeled "Green Street." There is an elevator that will take you down to the ground floor which outlets at the crosswalk on Green Street. Cross the street, turn right and it's a short distance to the northeast corner of the library, next TCAT's Green Street Station. Enter at the door under the green canopy. The Borg Warner room is immediately on your right. If the accessible parking spots are taken near the elevator you can also go one floor up and there are more spaces next to the elevator on the roof.

The Coalition is a United Way agency.
