Online via Zoom

Presented by Erica Marx Coaching

Co-sponsored by the Human Services Coalition

How are online meetings going for you? Are they productive? Is your team maintaining good connection and feeling positive about working online?

In response to the current coronavirus crisis I am offering free trainings for local human service agency leaders, front-line workers, and community organizers. This is a free program for Tompkins County; please share with your networks.

In this highly interactive program you will be guided through a series of activities to connect with each other while gaining experience with polling, whiteboard, chat, and breakout rooms of different sizes. Along the way you will learn tips and best practices for how to use all these features on your own meetings and training sessions.

Agenda for the call

1. Zoom basics & best practices running interactive sessions
2. Breakout rooms for activities in small groups & pairs
3. Creation of next steps for you and your team

You are invited to come to the call 10 minutes early to get oriented and greet others who are also attending.

This call will be very experiential, so be ready to participate with your video on from the beginning!

If you have not used Zoom before or want some help getting set up with the tech, come 15 minutes early and we will help you.
